Caltrans Approved 24 Hour Water Pollution Control On Construction Sites:

Designed for SWPPP Preparers and Water Pollution Control Managers (WPCMs)

Covers Newest CALTRANS Template, Forms and CA GCP Requirements.

This course was developed and is taught by experienced professionals currently working in the field for Caltrans, City, County and local Agencies on water quality issues. Lecture and instruction is backed by hands on BMP experience that is proven and effective in the field. Students are encouraged to ask questions and discuss current, past or future projects related to storm water compliance. Visit our website for a detailed description.

**Three (3) day
training:
\$550.00
Lunch Included**

Attention! Caltrans Specs have changed

A Water Pollution Control Manager must be assigned to implement the SWPPP. The WPC Manager must comply with the Permit (Order No. 2009-0009-DWQ, NPDES No. CAS000002) qualifications for a QSP and QSD. The QSD must have the following qualifications:

1. Department approved storm water management training described in the Department's "Construction Storm Water and Water Pollution Control" web site
2. Registration or certification described in the Permit

This means you must have both the Caltrans 24 hour training and meet the requirements for a QSD.

INLAND EMPIRE AREA

<u>Dates</u>	<u>Times</u>
